

VSoft Migrates Disaster Recovery Center to Mumbai

HYDERABAD, August 26, 2015: Hyderabad, 26 August, 2014: VSoft Technologies, a global provider of next-generation banking business services for financial institutions with operations in USA and India, is pleased to announce that it has successfully migrated its Disaster Recovery (DR) Center for services in India, from Chennai to CtrlS' Tier-4 Data Center in Mumbai.

VSoft's new DR facility, located in Mahape, Mumbai is equipped with a dedicated 40 MB bandwidth connection to VSoft's data centers. All of VSoft's services are replicated on virtual infrastructure on a real-time basis. The center is robustly designed and extensively tested to ensure high-availability compliant with industry-standard RTO (Recovery Time Objective) and RPO (Recovery Point Objective) norms.

"Disaster Recovery (DR) and Business Continuity Planning are important requirements for banking industry, both from a customer service and a regulatory perspective. VSoft's commitment to its customer has always been to provide high quality, reliable services. To this end, we have migrated our existing DR Center to a highly fault-tolerant Tier-4 Data Center with 99.985% availability. For us, our partners and our customers, this is a significant step towards strengthening our position as a leader in providing next-generation banking business services." - Murthy Veeraghanta, Chairman and CEO.

About VSoft Technologies

VSoft Technologies offers platform-based services for the BFSI industry.
