

VSoft Receives CMMI Maturity Level 3 Re-certification

HYDERABAD, July 20, 2015: VSoft Technologies, a global provider of next-generation banking business services for financial institutions with operations in USA and India, is pleased to announce that VSoft has been reappraised as fully compliant at Maturity Level 3 with the Software Engineering Institute's (SEI) Capability Maturity Model Integration for Development (CMMI®-DEV) Version 1.3. This prestigious rating is conferred on companies that have established well-defined, repeatable and effective organizational standards for project management, software engineering and quality assurance while maintaining a focus on continuous process improvement.

"Achieving this CMMI Level 3 re-certification is a testament to VSoft's commitment to providing the highest quality products and services to our customers. This CMMI credential coupled with our ISO 9001:2008 quality management system (QMS) will continue to enhance our competitive positioning as one of the most sought-after banking business services companies in the world, bringing customer satisfaction with exceptional results that are delivered in an unparalleled manner."
